Professional Summary

Full Stack MERN Developer with hands-on experience building and deploying responsive web applications using React.js, Node.js, Express.js, MongoDB, and JavaScript. Experienced in developing RESTful APIs, authentication and authorization, CRUD operations, database integration, validation, and cloud-based image management. Strong foundation in Data Structures and Algorithms with a focus on writing clean, maintainable code and continuously improving development skills.

Technical Skills

Languages: Java, JavaScript, SQL

Frontend: HTML5, CSS3, React.js, EJS, Bootstrap, Tailwind CSS

Backend: Node.js, Express.js, RESTful APIs

Databases: MongoDB, MySQL, Mongoose

Tools Technologies: Git, GitHub, VS Code, Postman, Cloudinary, Render

Core Concepts: Data Structures Algorithms, Authentication Authorization, CRUD Operations, MVC Architecture, API Integration, Database Design

Projects

BookLoop – Student Textbook Exchange Platform

Live Demo

Node.js, Express.js, MongoDB, EJS, Bootstrap, Passport.js, Cloudinary

- Developed and deployed a full-stack platform that enables students to buy, sell, exchange, and donate academic books.
- Implemented Passport.js authentication and ownership-based authorization to secure user and book management operations.
- Built book listing, search, filtering, request approval, messaging, and notification workflows.
- Integrated MongoDB with Mongoose for data persistence and Cloudinary for secure image upload and management.
- Implemented Joi validation, centralized error handling, and responsive UI to improve application reliability and usability.

Wonderlust – Travel Accommodation Listing Platform

Live Demo

Node.js, Express.js, MongoDB, EJS, Bootstrap, Mapbox, Cloudinary, Joi

- Developed and deployed an Airbnb-inspired web application for creating, exploring, and managing travel accommodation listings.
- Implemented Passport.js authentication, session management, and ownership-based authorization for listings and reviews.
- Developed CRUD functionality with search, filtering, reviews, and rating features.
- Integrated Mapbox for interactive maps and location-based listing functionality, with Cloudinary for image management.
- Applied Joi validation, centralized error handling, and responsive UI practices for a reliable user experience.

Education

B.Sc. Computer Science SSVPS Late Karmaveer Dr. P. R. Ghogrey Science College, Dhule 2023–2026
CGPA: 8.7

HSC Jai Hind Junior College, Dhule

2022–2023 Percentage: 60

Certifications

- MERN Full Stack Developer – Apna College
- Data Structures and Algorithms (DSA) – Apna College

Achievements

- Participated in Tech Fiesta, a college-level technical event.
- Secured 2nd Rank in the Science Day competition at the college level.
